Summary

I'm a full-stack developer with a focus on frontend. I enjoy discussing implementation choices, design, and user experience. With experience as a developer and lead, I have solid expertise in React and project management. I also like to explore new technologies and stay updated on what's happening in the tech world.

Work

Web lead | Naeva AS

Jan. 24 - present

- Responsible for frontend and web applications. This has given me experience in planning, organizing, and developing tasks.
- React + Typescript.

Developer | Fremtind

Sep. 22 - Dec. 23

- Fullstack development of sales tool for advisors. Contributed to rewriting the entire sales flow.
- React + Typescript + Java + Spring Boot.
- Participated in organizing hackathons and other social events.

Web developer | Naeva AS

Dec. 21 - Aug. 22

- Modernized the stack, completely rewrote the login flow, and split the old monolith into several smaller applications.

IT-consultant | Wide Assessment AS

Apr. 21 - Nov. 21

- On a project at Naeva AS.

Internship + Bachelor | Wide Assessment AS

Sep. 20 - Jun. 21

- Created various internal tools.
- React + Typescript.
